4-H Recordbooks

Keeping records is a great way to hold on to your memories about your incredible adventures in 4-H. Record keeping is also a great way to develop skills in time management, communication, setting goals and deadlines, money management and project evaluations. In an effort to update the current record book system a committee has developed an online program with a data entry system that easily allows for updates, editing and printing.

- There will be three (3) levels of record books based on 4-H age (junior, intermediate, and senior). Information requested for each level will progressively add on to each other.
- All 4-H members will begin using the new online forms or a new paper form that is available for download from the Texas 4-H website.
- Record books will still be printed and turned in (in hardcopy form) to be judged. The 2023 deadline is June 12th.

This system is available for use at: <http://texas4-h.tamu.edu/recordbooks/>

Contact Taryn Titsworth at the Extension office if you need help with your record book.
